RECOGNISED & AFFILIATED BY

INFRASTRUCTURE

Library

The college library is a gateway to a world of information. It's an access to a world of knowledge also. The Institution has a well equipped library with over 20,000 books on all branches of Management, Nursing & Sciences. The library subscribes many National and International journals and magazines. In addition, it offers spacious seating arrangements and a calm ambience for learning.

Computer Lab

The computer lab is equipped with MNC brand computers like HP, Compaq models with the highest configurations. All the computers are connected over a LAN (Local Area Network). Moreover, the lab also has digital resources, databases, software etc., for the benefit of the students.

Training Methodology

I read, I remember, I do, I understand - this saying can be made possible only when the students are given the

right training at the right time. We, in our Institution, help them to convert themselves from raw materials to finished products. The training assists the students in developing independent thinking, a creative outlook and a balanced point of view. They are trained to face the ever-changing needs of the progressive industry.

Summer Internship

Every management student shall undergo the summer internship programme after the completion of the second semester. It's an opportunity for the students to understand organizational problems and to apply class-room learning in a real life environment. As a part of the curriculum, the trainee nurses are taken to various hospitals attached to our institution- where-in they learn while serving.

Mentoring

It is a healthy practice that is being followed in our institution. Each and

every student is assigned to a faculty member for personal guidance and mentoring. The students are expected to meet their mentors at frequent intervals to brief them about their progress in Management training programme and seek guidance.

Attendance Policy

Attendance is compulsory for all classes. It is one of the features wherein the student can prove his commitment towards being regular and prompt. Any absence must be approved by the concerned faculty member. 75% attendance is compulsory to appear for examinations.

Training beyond curriculum

To give a more professional touch to the training programme, frequent seminars, guest lectures, work-shops and panel discussions are organized by experts from industrial and educational fields on various subjects like stress management, yoga, public speaking, human relations and team

We have introduced high quality, cost effective, end to end and revolutionary technological solutions for apprising students' attendance, performance, curricular and ex - curricular activities of college to the parents thereby connecting Parents, Institution and Students on a daily basis to bring out the best.

STUDENTS TALK

I am Proud to be a part of SINS. The college not only imparts knowledge but also instills life skills in us to make us socially responsible citizens. In this competitive and expensive era, the objective of SINS i.e. imparting quality education at affordable cost is really praise worthy. Thanks to all my teachers.

BAPPA PAHAN - West Bengal

I am fortunate to get an opportunity to study at SINS. The college has experienced talented faculty, well ventilated classrooms, spacious labs and library. The right atmosphere is created by the teachers in the classroom. They try very hard to mould our personality. Thanks to my College

SAROJ MOHAN - Maharashtra

The journey of my college is really incredible. It has excellent teaching faculty, well equipped labs, classrooms, library and sports room etc. Especially students get free OET / English coaching by expert lecturers which is going to help all of us in our future. In total it aims at all around development of students.

HONJOY TRIPURA - Tripura
